The Leadership Experience is designed to enhance leadership skills. Participants will gain an understanding of the differences between leadership and management, how to clarify expectations, influence people, and make fact-based decisions and build relationships based on trust and mutual respect. The program encourages accountability on two fronts:

1. Attendees must agree to commit to the full semester schedule and participate in a team project
2. Managers partner with attendees and provide support
Participants are saying……………………..

“The Leadership Experience expanded my understanding of my personal leadership style and opened my eyes to various scenarios in which that style plays out in day-to-day professional situations (for better or for worse!). Being able to step away from the "desk" and explore these scenarios in a dedicated and safe environment with other University colleagues facilitated by development professionals provided both the insight and reflection to elevate my job performance as well as professional satisfaction.”

“I would give the program five stars. I don't think you could have left anything out nor included anymore.”

“The biggest impact of my participation in The Leadership Experience Program has been an increase in communication and collaboration within my team. I am very appreciative of this Leadership Experience opportunity and would highly recommend it to any university leader seeking to improve their leadership skills.”

We are accepting 20 participants in the fall cohort.

Participants will conduct the 360 assessment over the summer.

The program begins in September and continues through December. Classes meet approximately once every two weeks.

There is a fee of $350 per participant.

Program highlights include:

- Ken Blanchard’s Situational Leadership
- 360 Assessment from Center for Creative Leadership
- Strategic Thinking
