Appraisal Criteria

- Review Date: 10/31/2017
- Off-Cycle Review Type: Probationary
- Current Performance Status: Not Meeting Expectations

Comments:
Employee needs to improve his skills in the areas of Expertise and Customer-Oriented. He is often not attentive to the needs of the customer and after being in his position for 6 months is still not knowledgeable of general office policies/procedures or where to locate them. Also, he is not familiar enough with the units within Human Resources to correctly direct customers.

By the next quarter review the employee needs to become familiar with the the policies, procedures, and processes of the department. In order to assist in gaining this knowledge I expect the following to be completed:

- Review of specific Policies and PIMs assigned by supervisor
- Meet with unit representatives to understand their role and how that aligns with customer needs
- Take Skillport training on effective Customer Service and meet the “Customer-Oriented” goal by addressing customers in a timely manner (i.e. when they enter the office, when the phone rings, return email/voicemail ASAP if possible but no later than 24 hours.)

• Comments
• Issues/areas for improvement
• Deliverables to aid in improvement

SHRA Annual Performance Review (2017-2018)

**Plan for Norm Niner**

The supervisor and employee create the performance plan together, setting goals for the coming year.

**Schedule and Components**  **Institutional Goals**  **Individual Goals**  **Career Development Plan**  **Evaluation Method(s)**

The institutional goals in the performance plan define campus-wide performance expectations for all SHRA employees. These goals address a wide range of performance expectations found in all aspects of the employee's work product (quality, accuracy, timeliness, manner of delivery, policy compliance, etc.) as well as standard expectations for employee behavior and conduct. UNC General Administration sets the institutional goals for all SHRA employees.
